Transformamos tus ideas en soluciones.

IMPAG Group

En los últimos 100 años, IMPAG, grupo suizo de ámbito europeo, se ha consolidado a nivel internacional como uno de los principales actores en la distribución de materias primas para los sectores de alimentación, complementos alimenticios, farmacia, cosmética, cuidado del hogar, I&I, y química.

Gracias a su fuerte presencia europea, combinada con la diversidad de los sectores industriales cubiertos y la larga trayectoria en la industria, IMPAG ofrece una visión global del mercado de las materias primas y un enfoque local.

200+
empleados

210 Mio.
EUR Facturación
del Grupo

200'000
toneladas anuales
Volumen de ventas del
Grupo

30+
países atendidos

7
filiales

Fieles al lema «together unique», nos apoyamos en las múltiples competencias de nuestro equipo, así como en los conocimientos, la experiencia y la capacidad de innovación de nuestros socios proveedores para ofrecer las mejores soluciones.

IMPAG Iberia ofrece asesoramiento profesional y apoyo técnico a cada uno de sus clientes en la realización de sus proyectos, desde la conceptualización hasta la formulación del producto acabado.

Exclusive Ingredients

	Application	Monografic Name EP / USP / Chemical Name	Form
Specialities	Oral	Fungic chitosan – KiOnutrime-CsG®	△
Bioactive compounds	Oral	SAMe – Adonat®	△
Nutritional Phospholipides	Oral / Topical	Phosphatidylcholine – Inno™ *	△△○
	Oral	Lecithins – Nulec™ *	△○
Prebiotics	Oral	Inulin – Fibruline™ range	△
	Oral	Fructooligosaccharides – Fibrulose™ range	△
	Oral	β-glucans & mannans – Lynside Immunity Prebiotic®	△
Probiotics	Oral	<i>Saccharomyces cerevisiae</i> – Ibsium® – Quatreflora®	△
	Oral	<i>Saccharomyces boulardii</i> – Lynside® Pro	△
	Oral	<i>Lactobacillus Rhamnosus GG</i> – Lifelnu®	△
	Oral	<i>Bacillus subtilis</i> – Lifelnu® BSCU1	△
Vitamins	Oral	Vitamin B9 form 5-MTHF – Quatrefolic® – Extrafolate-s®	△
	Oral	Vitamin E form Tocotrienol	△●
	Oral	Vitamin K2 form MK7 – MenaQ7® – VitaMK7®	△●

*Soybean, sunflower or rapeseed ○ Liquid △ Powder ○ Wax ● Oil

Medical Device

Oral / Topical

	Application	Monographic Name EP / USP / Chemical Name	Form
Specialities	Topical	Triclosan	△
	Topical	Squalane synthetic	△
	Topical	Salicylic acid EP/USP synthetic	△
	Oral	Stannous fluoride	△
	Oral	Natrium fluoride	△
	Topical	Kaolin	△
	Topical	Cysteamine hydrochloride 99%	△
	Topical	Beta-Nicotinamide Mononucleotide	△
	Topical	Urea	△
	Topical	Palmitoyl Ethanol Amide (PEA)	△
	Topical	Bismuth Succinate	△
CO₂ extracted ingredients	Oral / Topical	Chamomile extract	△
	Oral / Topical	Cumin extract	△
	Oral / Topical	Turmeric extract	△
	Oral / Topical	Garlic extract	△
	Oral / Topical	Ginger extract	△
Essential oils	Oral / Topical	Peppermint essential oil	◊
	Oral / Topical	Thyme essential oil	◊
	Oral / Topical	Garlic essential oil	◊
	Oral / Topical	Ginger essential oil	◊
	Oral / Topical	Eucalyptus oil	◊
Oleoresin	Oral / Topical	Cinnamon Oleoresin	◊
	Oral / Topical	Capsocum Oleoresin	◊
	Oral / Topical	Sage Oleoresin	◊
	Oral / Topical	Paprika Oleoresin	◊
